SKILLS

Programming Languages: Java, Python, C, C++

Frontend: HTML5, CSS3, JavaScript

Backend: PHP

Databases: MySQL

Core subjects: OOPS, Computer Networks, DBMS

PROJECTS

IPL Performance Analysis

Sep 2025 – Nov 2025

Python, Streamlit, Pandas, NumPy, Matplotlib, Seaborn, CSV Dataset

- Designed and implemented an interactive **Streamlit dashboard** to analyze **IPL player and team performance** using advanced **data visualization techniques**.
- Enabled **performance comparison, trend analysis, and team selection insights** to support coaches in **training optimization and strategic decision-making**.
- Provided **analytical insights** for cricket audiences through clear, user-friendly visual representations.

Iris Flower Classification

Apr 2025 – May 2025

Python, Pandas, NumPy, Scikit-learn, Matplotlib, Jupyter Notebook

- Developed a **machine learning classification model** to predict iris flower species based on **sepal and petal measurements** using supervised learning techniques.
- Performed **data preprocessing, feature selection, model training, and evaluation** to achieve accurate classification results.
- Implemented the solution to demonstrate practical application of **ML algorithms** for real-world data classification problems.

Home Service Management System

Feb 2024 - Apr 2024

HTML, CSS, PHP, Mysql

- Designed and developed a **web-based home service management system** to connect customers with service providers such as electricians, plumbers, and technicians.
- Automated **service booking, request tracking, and provider assignment**, improving service efficiency and user experience.
- Implemented role-based access for **admin, service providers, and users** to manage services, bookings, and status updates effectively.

INTERNSHIP

Data Analytics (Python) – Accent Technosoft

Aug 2025

- Completed a **Data Analytics internship using Python**, focusing on real-world data analysis and visualization techniques.
- Worked on **IPL Player Performance Analysis**, performing **data cleaning, exploratory data analysis (EDA), and insight generation** from cricket datasets.
- Developed visual reports and dashboards to analyze **player and team performance trends**, supporting data-driven decision-making.

ACHIEVEMENTS

- Presented a paper titled **Study of Emotional Intelligence in Artificial Intelligence** at an **IEEE conference**, representing the college department, and received the **Best Paper Award**.
- Participated in a **Women's Hackathon** and submitted a **Soil Moisture Analysis prototype** for agriculture, **earning a Participation Certificate**.
- Successfully completed the NPTEL course **Joy of Computing Using Python**, achieving **Elite certification**.

EDUCATION

KIT - Kalaingarkarunanidhi Institute of Technology <i>Master of Computer Applications, CGPA: 9.0</i>	Sep 2024 – May 2026 <i>TamilNadu, India</i>
Jawahar Science College <i>B.Sc Computer Science, CGPA: 8.9</i>	Jul 2021 – Jul 2024 <i>TamilNadu, India</i>
NLC.Girls.Higher.Secondary.School <i>Percentage: 83.8</i>	Jul 2020 – Jul 2021 <i>TamilNadu, India</i>
